WEEKENDS IN NEW ENGLAND,
a dark romantic thriller set in *downtown
Boston* and *Revere Beach*.

Ex-nun Hannah Jergen married the first man to look at her. Denny Lorenzo, an internationally-famous Jewish singer, is in a crumbling marriage to an overbearing publicity hound. Guilt-ridden flashbacks over a car accident that left his wife with amnesia are the only reasons he hasn't left her.

Denny's performance schedule takes him to Boston, Hannah's hometown, and sparks fly. How can such opposites fall in love without changing the world, theirs and that of those around them? They can't.

Unable to shed their miserable marriages, Hannah and Denny are equally unable to deny their growing attraction. Through undercover meetings facilitated by Hannah's faithful friend, Donna, their emotional attachment becomes dangerous after accidents and mysterious illnesses befall them. When a seriously-injured Hannah is kidnapped and held for a sick ransom, Denny's life for hers, worlds collide in a shocking confrontation. It all started during those weekends in New England. . . .

"Weekends in New England is like a fine martini. Gently stir in two marriages, two lovers, and a twisted friendship and you have a scrumptious cocktail hour goodie. . . . This skillfully written novel flows with just the right amount of romantic confessions, turbulent relationships, jealousy, and mystery. Ms. Alexander, once again, proves herself to be a lively original thinker and a bright writer." Sherry Russell, Midwest Book Reviews

"WEEKENDS IN NEW ENGLAND . . . is a novel of innocence misplaced and innocence re-found. It is a story of fresh beginnings without the frills of make-believe. It is life. . . . If you are looking for a good, mysterious, page-turning read, then WEEKENDS IN NEW ENGLAND is well worth making a trip to the local bookstore."

Kathy S. Hartwell, MA, Editorial Director, www.Author-Me.com

"WEEKENDS IN NEW ENGLAND . . . is a skillfully well written novel that right from the prologue is very addictive! I loved the great theme so well woven throughout the story, and you can't help yourself from praying all the way through that somehow Hannah and Denny will make it. Treat yourself to this incredible read! You won't regret it!"
